

Room-B Serviced Apartments are celebrating their “dual accreditation” this month. As well as being accredited as a serviced apartment operator, Room-B is also one of the first three businesses to receive full accreditation for their agency services.

Phil Stapleton, the company’s Managing Director, said, “this is the first accreditation programme for serviced apartment booking agents. To be recognised as one of the first with full compliance is a real feather in our caps! We are especially delighted as the criteria are so comprehensive. It’s a real confidence boost to us and our clients that we are operating within the highest standards of best practice”

An overview of compliance includes, robust health and safety framework, anti-bribery policy, clear commission processing protocol and appropriate insurance cover.
