

## **PRESS RELEASE**

### **Week2Week among shortlisted for national award...**

---

A north-east serviced-apartment provider is celebrating after being shortlisted for a prestigious national award, representing the north-east region in the process.

City Road based Week2Week Serviced Apartments has been awarded the place on the list of firms in the running for the Best Serviced Apartment Provider at the 2018 Relocate Awards. It is the only company in the north-east to make the shortlist, with others spanning the globe in Singapore, Krakow, London and Edinburgh.

The winners of all categories will be announced at the black-tie Gala Awards Dinner on Thursday 10<sup>th</sup> May at the UnderGlobe at Shakespeare's Globe Theatre, London.

This is the eleventh year of the Relocate Awards and sees a record number of applicants across all award categories. The awards are globally renowned and considered to be one of the most illustrious in the relocation industry. Claire Parry, Week2Week's director says the whole team is delighted with the news.

"This is the second year running that we have made the shortlist and I am incredibly proud of all the work my team has done to get us here. As there is no other north-east provider on the list, we feel as though we are really flying the flag for Newcastle. Our passion for the north-east drives us through day-to-day business and enables us to get a real sense of enjoyment when relocating both national and international clients to the area.

"Our small, family-run business has developed over the last 17 years in the north east hospitality industry. It has become increasingly important for us to embrace the new technologies which allow us to relocate clients with greater accuracy and ease. While we are traditional in our business ethos and values, we place a great importance on adopting new methods which help to connect our small business to clients across the world. For this to be highlighted through our shortlisting signifies that the work we are doing is helping to make a difference in the relocation industry.

“It is a huge honour to be nominated for such a prestigious award, and it truly is a testament to the hard work of our team and our suppliers. We are committed to going the extra mile for our clients, and to see this effort recognised on a national scale makes it worthwhile.”
